The Board has chosen B-Labs as our third-party standard and has certified that B Labs is an Independent third-party standard.

The Corporation has pursued a general public benefit by being environmentally conscious in regards to reducing our carbon footprint by seeking geothermal heating and cooling systems, seeking to work with Otter Tail Soil and Conservation to restore natural grasses and water habitats to the area, seeking to connect with local bee keepers to have bee hives on the property and seeking to work with area school systems to provide an environment where students may come and have hands on experiences with regards to the Federal Standards of Learning across different grade levels. The Corporation is committed to 10% gross revenue being used to socially conscious organizations such as Feed My Starving Children, Samaritan's Purse, Center for Ministries and Reaching a Generation just to name a few.

The circumstances that have hindered efforts to pursue the general benefit are that there has been no business to date due to lack of investment and start-up capital.

The Corporation certifies that its Board of Directors has reviewed and approved this report.
